

Oct. 10, 2019 Minutes

EP 413 3:30-4:30 pm

Dr. Dan, Yaser, Sean, Loren, Steven Present.

Discussed what happens at snap shot.

Show our Engineering problem with specifications for the project. What we have learned so far. What ideas we have had to meet the specifications for the project. Go around to other teams to see what project they are working on and possible give feed-back that might help them. Snap Shot is a think tank for all engineering students.

Discussed portfolio.

When complete someone should be able to take it and replicate our design along with our design decisions. It can be either digital or hard copy. We decided to leave it on the Drive and print out pictures for snap shot.

Another meeting was set for Monday Oct. 14, 2019 at 12 pm in the Library 1st floor to work on poster for snap shot.

Wikki Master is Yaser.

Next meeting come up with a way to measure forces needed to destroy bale.
